

Chainsaw Course

ICG Training and Consultancy Services Pty Ltd's Chainsaw course is designed to equip students with the confidence and competence required to safely operate a hand-held chainsaw and maintain it in working condition. The course applies to individuals who apply low risk work procedures and comply with worksite health and safety requirements when operating hand-held chainsaws to carry out routine work within the electrical supply, forestry and other industries.

This Chainsaw Course covers the basic requirements to use and maintain a chainsaw. The program covers foundational information relating to cross-cutting fallen timber using safe cutting techniques.

From the guidance of our highly skilled and experienced trainers, you will learn how to:

- Recognise and apply workplace safety procedures
- Check and prepare a chainsaw for use
- Operate a chainsaw
- Complete and check chainsaw operation
